SECRETARY'S WORDS

Dear friends and family members,

Difficult time we are living just now.

Many persons of our family has been infected by this new plague that is effecting in different ways to all of us. Some nations has closed their borders, travelling has been at least limited somehow, meeting friends is dangerous and prohibited widely, our economy is in troubles, we are loosing money directly and indirectly in many ways...we can not even imagine all the consequences that will still occur in the future because of this new disease.

We can only stay at home as much as it's possible depending on personal and local conditions and hope that all our friends are able to do same and stay healthy so we can meet and enjoy each others again after the effects of this pandemic is behind.

As an organization we also have some difficulties due to this situation. On March in Sweden we had to make hard decision to cancel this year FH-DCE Super Rally®. In that process we noticed that our association is in need a possibility and procedure of operating any important decision by e-mail, if needed. This possibility would have been needed in the situation that H-DC Sweden needed to be authorized to organize the FH-DCE Super Rally® 2022 that already has been handed over to H-DC Brno. H-DC Brno is willing to hand over this authorization to H-DC Sweden, but the lawful right to give this right to any organizer candidate in our system is owned only by Presidents' Meeting.

Now on, we can not be sure if we can organize our Presidents' Meeting as it's been prepared. It is very possible that it must be cancelled. But there are some important elections and subjects to vote and make decision. The decisions that only Presidents' Meeting is allowed to do. Today we are preparing this and we just are wondering if we can make it by online internet meeting. We are thinking if we are doing just informational part and perhaps some discussion of topics/proposals in remote online meeting via internet. Then voting could be done afterwards by e-mail. We are aware that we don't have this mentioned or allowed or planned in our statutes, but in this situation we must try to find all possibilities to keep our organization in operation.

All the best for you! I wish strength and healthiness to all of us!

Sakke

Introduction of possible guest clubs

Today we have received a membership application from the clubs mentioned below:

- Harley– Davidson Club Rebel Rider Monaco
- Harley-Davidson East Riders Club Poland

Both clubs has given their application, but we still have some small issues with them before we can welcome them to our Presidents' Meeting.

Some news from member clubs

West London Harley Riders has some new club officers.

CLUB OFFICERS:
